

## **Internship opportunity within the Transaction Structuring Italy desk**

**Start date: end of February 2019**

**For a period of: 6 months**

The ideal candidate has a keen interest in deepening his/her knowledge of Equity, Commodities and Fund derivatives and the most common pricing models used in the industry.

He/she will be involved in the desk daily activities: designing and pricing structured products with a special focus on Retail clients.

He/she will learn dealing with all the tools needed for ideas' generation, pricing, and monitoring markets (Sophis, Bloomberg, Excel pricing sheets, proprietary libraries).

He/she will have a senior tutor and he/she will contribute to support sales and trading needs.

Familiarity with excel and VBA is an appreciated skill.

CVs can be sent to: [chiara.fornarola@unicredit.eu](mailto:chiara.fornarola@unicredit.eu)
